

MUHAMMED K

UI/UX DESIGNER & FRONT-END DEVELOPER

Kerala, India | hello@yourdomain.com | Open to freelance & full-time roles

PROFILE

UI/UX Designer and Front-End Developer focused on clean, intuitive and visually engaging digital experiences. I combine interface design, user-experience thinking and hand-coded front-end development to ship responsive websites and products that are both beautiful and functional.

EXPERIENCE

Web Designer (UI/UX & Full Stack Support) - Duplex Solution Co.

2026

Designing and building responsive websites end to end - from UI/UX design and visual systems to full-stack development support - keeping interfaces consistent, accessible and performant.

UI/UX Design Intern - Febno Technologies

2025

Contributed to responsive webpage development, reusable interface patterns and the design-to-development workflow, with a focus on clarity, consistency and practical performance improvements.
